

A program For Photographers Event

Introduction

Marcelo Vivar Photos (@marcelov_photos) is a photo's studio based in Paris and is organizing a photography's event in Toronto for 5 days for a group of photographers from all over the world. During the international meeting place, Marcelo Vivar Photos organizes professional development and learning opportunities for artists, arts professionals, and the general public. Conducted by some of the most respected photography experts in the field today, these seminars aggregate decades of invaluable information and practice in an effort to further professional careers and stimulate appreciation for the art of photography.

Media and marketing experts, publishers, artists, curators, and editors reveal their experience and expertise in photography and how it relates to the internet and social media, traditional gallery spaces, museums, publications, and multi-media platforms within the contemporary art world.

This a big project for the company so it has to put a good program, including a hotel of residence, a hall for meetings, places of landscape to visit, stores for shopping, museums, art's galleries, restaurants and cafes. So the company's purpose is to make a list of places of landscape in Toronto, including the nearest restaurants, cafes, museums, and art's galleries for each place.
